

2015-16 Title I, Part A funding for Michigan is projected to decrease 4.4% (\$24 million) from 2014-15, based on U.S. Department of Education estimates.

Note: Allocations for districts in this report are based on preliminary estimated 2013 census information from the U.S. Department of Education. These estimated 2013 census poverty percentages do not include counts for foster children, neglected children, or children receiving TANF funds; in most cases, the inclusion of these counts at a later date will cause poverty percentages to increase slightly. Public school academies' equated census data is based on 2014-15 for these estimated allocations. These estimated allocations will change, since they were calculated using preliminary data.
